Junior Full Stack Developer

PROFESSIONAL SUMMARY

Motivated junior developer with hands-on experience building responsive web applications using JavaScript, Node.js, Express, MySQL and modern frontend tools. Comfortable developing end-to-end features, connecting application routes to relational databases, and working with Git-based team workflows.

TECHNICAL SKILLS

Frontend: HTML, CSS, Bootstrap, JavaScript, EJS, React | **Backend:** Node.js, Express.js, REST APIs | **Database:** MySQL, SQL | **Tools:** Git, GitHub, VS Code, Postman, Render

EXPERIENCE

Full Stack Developer Intern - BrightLabs Digital May 2026 - Jul 2026

- Built and maintained Express.js routes for user authentication, profile management and CRUD workflows.
- Connected server-side features to MySQL using parameterised SQL queries and reusable validation logic.
- Improved responsive page layouts with Bootstrap and tested application flows across desktop and mobile.

Web Development Project Member - Polytechnic Capstone Team Jan 2026 - Apr 2026

- Developed a student internship portal with login, resume management, application submission and status tracking.
- Implemented session-based access checks and worked with teammates through GitHub branches and pull requests.

SELECTED PROJECTS

Internship Portal - Node.js, Express, EJS and MySQL application supporting role-based access, multiple resume uploads and internship applications.

Task Manager - Responsive full-stack CRUD application with user authentication, filtering and persistent MySQL storage.

EDUCATION

Diploma in Information Technology, Republic Polytechnic - Expected 2027

Relevant modules: Software Application Development, Database Systems, Web Development, Networking

CERTIFICATIONS

AWS Cloud Practitioner Essentials (Course) | GitHub Foundations (Practice) | Responsive Web Design
